Reporting on Section 6
Community and Town Councils

Environment (Wales) Act 2016 Part 1 – Section 6
The Biodiversity and Resilience of Ecosystems Duty

The Biodiversity and Resilience of Ecosystems Duty
Report 2025

Name of Community or Town Council:	Llanfaelog Community Council
Group:	2

Introduction and Context

The Community Council area of Llanfaelog covers an area to the south west of Anglesey that includes the villages of Bryn Du, Llanfaelog, Pencarnisiog and the coastal village of Rhosneigr. The area has a population of 1758 (2011 census) and is represented by 12 Community Councillors. The Council has a precept of £44,000 for 2025-26.

Llanfaelog, Pencarnisiog and Bryn Du are small rural villages surrounded by open countryside. Rhosneigr is a small coastal village with an expanse of sand dunes and beautiful beaches popular with tourists. Llyn Maelog situated between Llanfaelog and Rhosneigr is registered as a Village Green and much of the area to the south of the lake towards Traeth Llydan is Common Land. The lake itself is designated a Site of Special Scientific Interest (SSSI) and most of the surrounding land is within an Area of Outstanding Natural Beauty (AONB).

The Community Council is responsible for Llanfaelog Village Hall, Gardens and car park, Cae Cynlas Football Ground, Rhosneigr Library and its grounds, Rhosneigr Public toilets, 3 children's play areas, Maelog Cemetery, numerous seating areas and several miles of public footpaths.

Action Report 2025			
NRAP Objective	Action carried out 2023 - 2025		Monitored by:
1	-embed biodiversity into decision making & procurement	We adopted a sustainable procurement policy which included ensuring office supplies, benches etc were purchased locally and/or made from recycled material.	Full Council
	-raise awareness of biodiversity & its importance	<p>The Community Council has reflected its commitment to biodiversity and nature areas in its Annual Report</p> <p>Council Members and the clerk have undertaken biodiversity training and joined biodiversity webcasts etc. arranged by One Voice Wales.</p>	
2	-safeguard principal species and habitats	All planning applications submitted to the Community Council for consultation were scrutinised to identify and prevent any adverse impact on the environment.	Councillors and Clerk
3	-restore & create habitats and resilient ecological networks	<p>The boundary hedge of Llanfaelog Village Hall garden and car park is carefully and sympathetically managed. Any broken branches and dead wood are used to create a 'dead hedge' barrier that protect and shelter native saplings, provide habitat for wildlife, making the area more inviting space for small animals. birds and insects.</p> <p>Using natural materials in this way is considered to be a good way of recycling waste material and reducing landfill.</p> <p>We've installed a number of nesting boxes, habitat boxes, bug hotels etc around the villages and encouraged children to participate in biodiversity projects in our schools.</p>	Councillors and Clerk
4	-tackle negative factors: for e.g. reduce pollution, use nature based solutions, address invasive species	The Community Council is vigilant in ensuring that our villages are kept clean and tidy and that any concerns about pollution, fly tipping etc. is promptly reported to the relevant authority.	Councillors and Clerk

LLANFAELOG COMMUNITY COUNCIL

		<p>We've installed a EV Charger by our public toilets in order to reduce emissions and promote a healthier, quieter, and more sustainable transport system.</p> <p>We've kept our grass cutting regime to a minimum particularly on the footpaths and seating areas in the dunes. We've also limited the use of pesticides and will ensure that only natural products are used if weed control is required.</p>	
5	-use improve and share evidence	The Community Council continues to work with the Isle of Anglesey County Council to maintain and improve the public footpaths and ensure that they are accessible for the community to enjoy.	Councillors and Clerk
6	-support capacity and/or other organisations	The Council has help fund a biodiversity garden that's to be created by Rhosneigr Primary School otherwise it is limited in its capacity to provide support for external organisations. However the Council is always keen to work with groups with a common interest in promoting biodiversity and protecting the environment.	Councillors and Clerk
Review of S6 duty actions for 2023-2025			
What has worked well?		The action taken to date has gone well we are particularly pleased with the work done at the village hall grounds.	
What have the barriers been?		Lack of awareness of the need to embrace biodiversity	
What will you change?		<p>We need to identify more areas where changes can be made to enhance the environment.</p> <p>We will engage more with residents and encourage them to work with us.</p> <p>We want to work with the One Voice Wales biodiversity team to improve our knowledge and make the most of our surroundings.</p>	

LLANFAELOG COMMUNITY COUNCIL

<p>How and when will the s6 duty be monitored and the s6 plan reviewed?</p>	<p>The duty will be monitored through regular inclusion on the Community Council Agendas.</p> <p>The s6 Plan will be reviewed annually in May unless it becomes apparent that it should be amended earlier.</p>

The **Nature Recovery Action Plan for Wales (NRAP)** sets out six objectives for reversing the decline of biodiversity which should be used to help develop and guide actions to comply with the section 6 duty:

The **6 objectives** to maintain and enhance biodiversity are:

- Objective 1:** Engage and support participation and understanding to embed biodiversity throughout decision making at all levels
- Objective 2:** Safeguard species and habitats of principal importance and improve their management
- Objective 3:** Increase the resilience of our natural environment by restoring degraded habitats and habitat creation
- Objective 4:** Tackle key pressures on species and habitats
- Objective 5:** Improve our evidence, understanding and monitoring
- Objective 6:** Put in place a framework of governance and support for delivery
